

AMENDMENTS TO THE SPECIFICATION:

Kindly replace the paragraph beginning at page 3, line 35 with the following amended paragraph:

In step [a)] b) it is suitable to heat the linseed oil to a temperature of about 140-180°C, whereas in the latter step [c)] d) it is preferred to put the autoclave under over-pressure of up to about 15 bar, for example from about 5 to about 12 bar.
